90XL pH

For 90XL pH calibration, pH probe is required. Please include with shipment or 1 will be added to your invoice.

*Meter service pricing now includes all repair parts, service and calibration into a single fixed price. Meter replacement syringes not included in Mesa's flat rate repair fee. Syringes charged as a separate item unless syringe is returned with meter being sent in for repair. Return shipping is additional.

90XL Display is not needed for calibration. **ONLY send Display if not functioning properly.

Optional Additional Services for 90XL:

ISO 17025 Accredited Calibration (As Found)

Includes As Found results, pre-calibration data on cal certificate(s).

YES - add \$40

NO

Pre-calibration [As Found] data is available for the 90XL Condo and Pressure modules only.

Meters returned unrepared at the customer's request will incur a \$85 diagnosis and handling charge. Please follow Mesa recommended storage conditions when shipping unit back to Mesa for repair or service. Ensure that all fluids have been expelled from meters before shipping.

List each item.

Meter/Probe Model	Serial Number	Detailed Description of Problem
